Passenger Pickup moves inside Main Terminal Garage for Project

Motorists will receive one-hour grace period to pickup arriving passengers in yellow level of garage during construction project that begins Monday, Oct. 27.

Lambert-St. Louis International Airport is closing its passenger pickup zone along Arrivals Drive (Bag Claim level) at the Main Terminal during a nearly month long sidewalk rehabilitation project that begins 10 p.m. on Monday, Oct. 27. A temporary active passenger pickup zone will be available in the Main Terminal Garage, effective at the same time the current pickup zone is closed. A temporary one-hour grace period on parking rates will be in effect for motorists using the garage for passenger pickup.

The maintenance project will also mean temporary closures of some lower level terminal entrances and cross walks between the terminal and the garage. Car rental, hotel and other shuttle buses will continue service along Arrivals Drive, but specific pickup spots may be moved as the project is completed in phases.

All motorists and passengers will be directed by signs and/or airport personnel to help them adjust to these temporary changes. The Main Terminal Garage is accessible off of Air Flight Drive or Lambert International Boulevard.

Lambert strongly recommends motorists use the Cell Phone Lot west of the Main Terminal on Lambert International Boulevard and wait until the arriving parties have claimed their luggage and are ready to be picked up before moving to the pickup zone.

Lambert is the 30th busiest airport in the U.S. as ranked by Airports Council International-North America. Lambert serves more than 15 million passengers a year with more than 330 daily departures to 72 national and international destinations.
