Main Terminal roadway closing to all public traffic during project Free passenger pickup zone moves into Main Terminal Garage

Lambert-St. Louis International Airport is closing the Main Terminal Arrivals Drive (Bag Claim, lower level) to all private vehicles for a nearly month-long sidewalk rehabilitation project that begins 10 p.m. on Monday, Oct. 27.

Because of the closure, a temporary active passenger pickup zone will be available in the yellow level of the Main Terminal Garage beginning Monday night. A temporary one-hour grace period on parking rates will be in effect for motorists using the garage. Signs and/or airport personnel will help direct motorists to the parking garage. Arriving passengers inside the airport will also be directed to meet their parties at the yellow level in the garage during the project.

Car rental, hotel and other shuttle buses will continue service along Arrivals Drive, but specific pickup spots may be moved as the project is completed in phases.

The maintenance project will also mean temporary closures of some lower level terminal entrances and cross walks between the terminal and the garage.

Lambert strongly recommends motorists use the Cell Phone Lot west of the Main Terminal on Lambert International Boulevard. Motorists should wait until the arriving parties have claimed their luggage and are ready to be picked up before moving to the new pickup zone in the Main Terminal Garage. The Main Terminal Garage is accessible off of Air Flight Drive or Lambert International Boulevard.

Lambert is the 30th busiest airport in the U.S. as ranked by Airports Council International-North America. Lambert serves more than 15 million passengers a year with more than 330 daily departures to 72 national and international destinations.
