## Lambert Airport Hosts 31<sup>st</sup> National Aerospace FOD Prevention Airfield Tour and Walk

(St. Louis, MO) “FOD” – which stands for “foreign object debris” has the potential to cause major damage to an aircraft. It’s a critical safety issue for all airports.

Lambert has teamed up with industry partners to educate its peers on the importance of preventing potential threats of FOD. Attendees include representatives from airlines, airports, cargo haulers, aircraft manufacturing & repair, military, space, and many other from the aviation industry.

The conference will be held in St. Louis at the Hyatt Regency St. Louis at the Arch from August 17-19, 2010. The bulk of the conference consists of interactive learning sessions where industry experts share their experiences and FOD prevention techniques. Lambert will host an airfield tour and FOD walk for the group on August 18. For more information about the conference, visit [www.flystl.com](http://www.flystl.com).

### **ABOUT LAMERT AIRPORT**

*Lambert is the 33rd busiest airport in North America as ranked by Airports Council International-North America. Lambert served more than 12.5 million passengers in 2009. Lambert-St. Louis International Airport is an Enterprise Fund Department of the City of St. Louis. It is wholly supported by airport user charges. No general fund revenues are used for the operation, administration, promotion or maintenance of airport facilities. For more information on flights and services at Lambert-St. Louis International Airport, log onto [www.flystl.com](http://www.flystl.com).*
