“Downtown, Please.”

Go Best Express brought in extra buses to shuttle conference attendees to downtown destinations this week.

Downtown St. Louis was a popular destination Thursday with a peak rush of visitors arriving at Lambert for a weekend conference for the United Methodist Women Assembly. The event is attracting more than 7,000 people, one third by air, for events at the America’s Center and the Edward Jones Dome. Go Best Express, Lambert’s official shuttle service, geared up for one its busiest travel days with extra buses and manpower to shuttle attendees to nearly a dozen different hotels. After a few days of downtown fun, worship and camaraderie, those visitors will board Go Best Express again to begin their trips back home.
