“Through their Eyes”

Sgt. Steven Swafford gives Variety Children and their families a K-9 demonstration.

Dozens of St. Louis area children were given a special “passport” tour at Lambert this week. Lambert hosted the event for Variety the Children’s Charity of St. Louis and its “Through the Eyes of a Child with Disabilities” program. The children, along with parents and siblings, toured Terminal 1, participated in a TSA security demonstration, got to jump into a Lambert fire truck and meet one of Lambert’s K-9 teams. For many children, this was their first visit to an airport.
