C. **M/WBE Goals and Bid Discount:**

1. The City of St. Louis Minority and Women Business Enterprise Program has amended the goals within the program to achieve the nondiscrimination of multiple groups. The goals established in connection with the Agreement are as follows:

MBE goal is as follows:

- 21% - African American**
- 2% - Hispanic American**
- .50% - Asian American**
- .50% - Native American**

Each group must be represented to meet the goal of the contract. The total participation cannot be comprised of only one group, it must include each group to meet the established goals.

The WBE goal is 11%.

The goals remain in effect throughout the life of the Agreement. When award of the contract is made with Minority and Women Business Enterprise (M/WBE) participation less than the goals, the Contractor shall continue to perform and document good faith efforts throughout the life of

the Agreement in order to increase M/WBE participation and to meet the Agreement goal.

Please note: Contractors certified as either an MBE or WBE must still fulfill both goals. In addition, Contractors certified as both an MBE and a WBE can only fulfill either the MBE goal or the WBE goal, not both goals.

2. Bid Discount

A five percent (5%) Bid discount shall be applied to construction, goods and other services prime contracts on contracts \$300,000 or less during the evaluation process to prime African American, Hispanic American, Asian American, Native American and Women-Owned Business Enterprise Bidders. It shall lower the eligible M/WBE's Bid but shall not reduce the contract award amount. In order to qualify for the Bid discount, the eligible M/WBE Bidder shall include in its Bid a copy of their current certification letter and/or notification indicating the M/WBE continues to meet the certification guidelines of the M/WBE Program.

D. Obligation:

1. The Contractor agrees to take all reasonable steps to ensure that MBEs/WBEs have maximum opportunity to participate in contracts and subcontracts financed by the City of St. Louis Airport Authority provided under the Agreement. E. Good Faith Efforts Requirement:

1. The quality, quantity and intensity of the Bidder's good faith efforts will be evaluated by the City. A Bidder must make sufficient good faith efforts to meet the goal. The Bidder can meet this requirement in either of two ways. First, the Bidder can meet the goal, documenting commitments for participation by M/WBE firms sufficient for this purpose. Second, even if it doesn't meet the goal, the Bidder can document adequate good faith efforts. This means that if the M/WBE goal is not met the Bidder must show that it took all necessary and reasonable steps to achieve the M/WBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient M/WBE participation, even if they were not fully successful. Additionally, when the M/WBE goals cannot be met, the Bidder must also include a statement as to why the goals could not be met. (See Bidder’s Checklist Item 4).  4. The information provided will be evaluated to determine if the low Bidder is responsive. All the information provided must be accurate and complete in every detail. The apparent low Bidder's attainment of the M/WBE goal or demonstration of good faith effort will assist in determining the award of the contract

F. Eligibility:

Contractor should access the online directory at www.flystl.com/bdd to obtain a list of eligible MBEs/WBEs certified by the City of St. Louis and to verify the eligibility of the MBE/WBE firms it intends to utilize in the Agreement.

G. Counting MBE/WBE Participation toward Goals:

1. MBE/WBE participation towards the attainment of the goals will be credited on the basis of the total subcontract prices agreed to between the Contractor and subcontractors for the contract items being sublet as reflected on the "MBE/WBE Utilization Plan" attached hereto as Attachment 2 and incorporated herein. Bidder must complete and submit with its Bid the MBE/WBE Utilization Plan (See Bidders Checklist, Item 3). Firms must be certified prior to the Bid opening in order to be used to fulfill the participation goals.
2. In addition, the Bidder must also submit the "Notice of Intent to Perform as a Subcontractor or Material Supplier Form," attached hereto as Attachment 4 and incorporated herein. (See Bidder's Checklist, Item 5.).
 - a. Contractors should be aware that supplies and materials procured from certified suppliers, manufacturers and brokers are defined and counted toward M/WBE goals as follows:
 - i. A **Supplier or Regular Dealer** is defined as a firm that owns, operates or maintains a store, warehouse, equipment or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, and regularly sold or leased to the public in the usual course of

business. *Suppliers or Regular Dealers count at 60% of their cost/expenditure towards M/WBE goals.*

Brokers entire commissions and fees charged for assistance in the procurement of the materials and supplies, or fess or transportation charges for the delivery of materials or supplies required on a job site count towards M/WBE goals provided the fees are determined by the City to be reasonable and not excessive as compared with fees customarily allowed for similar services. The cost of the materials or supplies themselves do not count toward M/WBE goals.
- iv. M/WBE trucking firms expenditures may count at 100% toward M/WBE goals. The M/WBE trucker must manage and supervise the trucking operations with its own employees and use equipment owned and/or leased by the M/WBE. No credit will be counted for the purchase or sale of material hauled unless the M/WBE trucker is also a certified M/WBE supplier. No credit will be counted unless the M/WBE trucker is an approved subcontractor.

If the M/WBE trucker plans to supplement its trucking operations with additional trucking firms it must seek prior approval perform the start of the operation from the City.

If the M/WBE trucker leases trucks from a non-M/WBE trucking firm only the fees and/or commissions will count toward goal attainment.
