F. Recycling Initiatives

The Airport is an ISO 14001:2004 self-certified facility and has set a series of target and objectives in accordance with the standard. The Airport is seeking a mutually beneficial relationship with the Contractor to achieve higher recycling standards with the goal of increasing the Airport landfill diversion rate with minimal to no additional cost to the Airport while Contractor may also receive profits from recycling. The minimum requirements are as follows:

Material recycling and reclamation services are to be provided by the Contractor, and it is expected by the Agreement to include application of rebates and credits as per recyclable commodity value. Contractor shall, upon request, provide the Airport Representative with a list of such recycling services and the applicable rebate rates for Recyclable Materials (i.e. cardboard, paper, etc.). The goal is to increase the landfill diversion and overall recycling rates with little to no additional cost to the City.
2. The City will not pay disposal fees for recyclable materials which yield monetary gain.
3. Recycling containers beyond the Basic Service shall be provided to the Airport at no additional cost to the City. In accordance with Ordinance No. 65597, the St. Louis Living Wage Ordinance (“Ordinance”) and the Regulations associated therewith, the City Compliance Official for the City of St. Louis has determined that the following living wage rates are now in effect for employees of covered contracts:

- 1) Where health benefits as defined in the Ordinance are provided to the employee, the living wage rate is **\$15.54** per hour (130% of the federal poverty level income guideline for a family of three); and
- 2) Where health benefits as defined in the Ordinance are **not** provided to the employee, the living wage rate is **\$20.34** per hour (130% of the federal poverty level income guideline for a family of three, plus fringe benefit rates as defined in the Ordinance).
- 3) The prevailing fringe benefits rate as required under the Ordinance and defined by section 6.20.010 of the Revised Code of the City of St. Louis is **\$4.80** per hour.

These rates are based upon federal poverty level income guidelines as defined in the Ordinance and these rates are effective as of **APRIL 1, 2023**. The Ordinance applies to employers who are covered by the Ordinance as defined in the Ordinance, where the contract or grant is entered into or renewed after the effective date of the Ordinance, which is November 3, 2002.
