- A. Definitions: As used in this requirement, "Minority Business Enterprise" or "MBE" and "Women Business Enterprise" or "WBE" are defined as follows:

 - 2. **"Women Business Enterprise" or "WBE"** means a women's business enterprise as defined in Ordinance 70767.
- B. **Policy:**
 - 1. It is the policy of the City of St. Louis Airport Authority to ensure the maximum utilization of minority and women's business enterprises in contracting and the provision of goods and services to the City, its departments, agencies and authorized representative and to all entities receiving City funds or City-administered

government funds while at the same time maintaining the quality of goods and services provided to the City and its sub-recipients through the competitive Bidding process. The provisions of this policy apply to all contracts awarded by the City, its departments and agencies and to all recipients of City funds or City-administered government funds and will be liberally construed for the accomplishments of its policies and purposes.

C. M/WBE Goals and Bid Discount:

1. The City of St. Louis Minority and Women Business Enterprise Program has amended the goals within the program to achieve the nondiscrimination of multiple groups. The goals established in connection with the Agreement are as follows:

MBE goal is as follows:

	21 % African American
	2% Hispanic American
	.50% Asian American
	.50% Native American

2. Each group must be represented to meet the goal of the contract. The total participation cannot be comprised of only one group, it must include each group to meet the established goals.

a. The WBE goal is 11%.

3. The goals remain in effect throughout the life of the Agreement. When award of the contract is made with Minority and Women Business Enterprise (M/WBE) participation less than the goals, the Contractor shall continue to perform and document good faith efforts throughout the life of the Agreement in order to increase M/WBE participation and to meet the Agreement goal.

Please note: Contractors certified as either an MBE or WBE must still fulfill both goals. In addition, Contractors certified as both an MBE and a WBE can only fulfill either the MBE goal or the WBE goal, not both goals.

D. Bid Discount

1. If applicable, a five percent (5%) Bid discount will be applied to construction, goods and other services prime contracts on contracts \$300,000 or less during the evaluation process to prime African American, Hispanic American, Asian American, Native American and Women-Owned Business Enterprise Bidders. It shall lower the eligible M/WBE's Bid but shall not reduce the contract award amount. E. Obligation:

1. The Contractor agrees to take all reasonable steps to ensure that MBEs/WBEs have maximum opportunity to participate in contracts and subcontracts financed by the City of St. Louis Airport Authority provided under the Agreement. The Contractor will not discriminate on the basis of race, color, national origin, or sex in the award or in the performance of contracts financed by the City of St. Louis Airport Authority.
2. A current Directory of M/W/BE firms certified by the City of St. Louis is available online at www.flystl.com/bdd.

F. Good Faith Efforts Requirement:

1. The quality, quantity and intensity of the Bidder's good faith efforts will be evaluated by the City. A Bidder must make sufficient good faith efforts to meet the goal. The Bidder can meet this requirement in either of two ways. First, the Bidder can meet the goal, documenting commitments for participation by M/WBE firms sufficient for this purpose. Second, even if it doesn't meet the goal, the Bidder can document adequate good faith efforts. This means that if the M/WBE goal is not met the Bidder must show that it took all necessary and reasonable steps to achieve the M/WBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient M/WBE participation, even if they were not fully Successful. If the M/WBE goal is not met the Bidder must demonstrate and document those efforts by submitting the "Good Faith Efforts Report Form" attached hereto as Attachment 3 with the Bid. Additionally, when the M/WBE goals cannot be met, the Bidder must also include a statement as to why the goals could not be met. (See Bidder's Checklist Item 4). Examples of good faith efforts are but not limited to the following:
 - a. Efforts made to select portions of the work proposed to be performed by M/WBEs in order to increase the likelihood of achieving the stated goal, including, where appropriate, but not limited to, breaking down contracts into economically feasible units to facilitate M/WBE participation. Selection of portions of work are required to at least equal the goal for M/WBE utilization specified in the contract.
 - b. Soliciting through all reasonable and available means (e.g. attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified M/WBEs who have the capability to perform the work required by the Contract. Such solicitations must take place at least fifteen (15) business days prior to the bid opening date to allow M/WBEs sufficient time to prepare bids/proposals and respond to the solicitation, and the Contractor must take appropriate steps to follow such mass solicitations with personal frequent and persistent contact. The prime contractor should promptly return all calls, faxes and e-mail that it receives from interested M/WBEs. The follow-up should take the form of a telephone call, fax or e-mail during normal business hours.
 - c. Written notification to disadvantaged economic development assistance agencies and organizations which provide assistance in recruitment and placement of

M/WBEs, of the type of work, supplies, or services being considered for M/WBEs on this contract.

- d. Efforts made to negotiate with M/WBEs for specific items of work including evidence on:
 1. The names, addresses, telephone numbers of M/WBEs who were contacted, the dates of initial contact and whether initial solicitations of interest were followed up by contacting the M/WBEs to determine with certainty whether the M/WBE is interested. Personal or phone contacts are expected.
 2. A description of the information provided the M/WBEs regarding the plans and specifications and estimated quantities for portions of the work to be performed.
 3. A statement of why additional agreements with M/WBEs were not reached, and
 4. Documentation of each M/WBE contacted but rejected and the reasons for the rejection
 - e. Absence of any agreements between the contractor and the M/WBE in which M/WBE promises not to provide subcontracting quotations to other Bidders.
