firms interested in providing financial advisory, legal counsel, or underwriting services related to the issuance of a short-term borrowing notes (TRANS). Sealed bid proposals in response to this request will be received by the City of St. Louis, Missouri Office of the Comptroller, 1200 Market St. Room 311, St. Louis MO 63103 until 3 p.m. CST Thursday, February 19, 2009. RFQs available by visiting the website <http://stlouis.missouri.org/and> choosing the link named "RFQ's, RFP's & Bids" or call Bev Fitzsimmons at (314)589-6035.

REQUEST FOR QUALIFICATIONS

The Partnership for Downtown St. Louis is seeking qualifications and proposals from interested marketing firms with prior experience in developing, guiding and/or advising a multi-faceted and strategic image marketing effort. This request for proposals and qualifications seeks development and direction of a marketing plan that will be strategic – yet incremental – in its approach while providing the framework for positively positioning and/or repositioning of the image of downtown St. Louis, its offerings and potential uses with the regional population.

The Partnership for Downtown St. Louis serves as the catalyst for investment, creating a regionally celebrated asset and nationally recognized downtown. The Partnership also manages the Downtown St. Louis Community Improvement District (The CID) that provides enhanced services to make Downtown St. Louis a cleaner,

St. Louis, Missouri 63103. A charge of \$20.00, not refundable or transferable shall be required from each prospective bidder for each set of Plans and Specifications desired.

The Metropolitan St. Louis Sewer District is an Equal Opportunity Employer.

LAMBERT AIRPORT PUBLIC WORKSHOPS

Lambert-St. Louis International Airport will seek public input about updates of its long-term Master Plan as well as its Noise Compatibility Study at public workshops in St. Ann and Ferguson, Feb. 11-12. An introductory public information workshop is scheduled for 6-8 p.m., Wednesday, Feb. 11, at Drummond Elementary School, 3721 St. Bridget Lane, in St. Ann. The same information will be presented in a second workshop from 6-8 p.m., Thursday, Feb. 12, at McCluer South-Berkeley High School, 201 Brotherton Lane, in Ferguson. The Master Plan Study will produce a well-defined framework to guide future airport development to cost-effectively satisfy regional aviation demand while considering potential environmental and social impacts. The Noise Compatibility Study will produce a balanced and cost-effective plan to address the existing airport noise exposure on surrounding communities and to reduce the potential noise exposure in the future. The workshops will feature several stations, each of which will focus on a specific portion of the studies. Attendees will be invited to walk among the stations at their leisure, asking questions and providing comments to members of Lambert's staff and the study team. Short overview briefings are scheduled to be given at 6:30 and 7:30 each evening. More information is available from: www.flystl.com/lambertstudies or (314) 551-5006.

REQUEST FOR BIDS

Sealed bids will be received by the Construction Manager, Alberici Constructors, Inc., at the Saint Louis Zoo Distribution Center on Wells Drive (Gate # 5), or by mail Attn: Patrick Williamson, Purchasing Manager, Saint Louis Zoo, One Government

PROFESSIONAL SERVICES

The St. Louis County Economic Council ("CEC") is issuing an open request for qualifications from professional services/consulting firms for various projects that will be initiated in 2009. CEC is seeking qualifications from firms with expertise that includes, but is not limited to, the following are:

- Architectural/engineering design;
- Planning, landscape architecture and urban design;
- Engineering services (includes civil and mechanical, electrical and plumbing);
- Environmental consulting/engineering (assessment, remediation design and site remediation/cleanup services);
- Construction management/oversight;
- Land surveying;
- Economic and community development consulting (includes economic/market research and studies, incentives/tax analysis, appraisals and community assessment and outreach);
- Strategic planning (includes organizational development, SWOT analysis, long term goal planning);
- Real estate consulting (includes strategic facilities planning and space planning/programming);
- Property acquisition and relocation services;
- Marketing/communications (includes PR, electronic marketing news story development, ads);
- Legal in the areas of real estate, in particular related to property redevelopment; public finance transactions, including incentives analysis and public funding mechanisms/bond business finance;
- IT (includes selection, design and maintenance of CEC's base(s) to meet organizational reporting needs);
- Tax, auditing and accounting services;
- Fundraising; and
- Catering services including full-service and drop-off
- Mentoring services in the areas of (but not limited to) H

Spoke with Scott Carpenter. Would like to have temporary noise monitoring for the Part 150 on his property.

Issue is reverse thrust and rotation at his property. I would welcome this study.

Let me know if you'd like to post a temporary
noise monitor in my neighborhood - I've had
previous monitors and would entertain
sponsoring a location if needed for this
current study.
