## LAMBERT AIRPORT PUBLIC WORKSHOPS

Lambert-St. Louis International Airport will seek public input about a draft forecast of long-term aviation traffic at the Airport and the projected impact of aircraft noise on surrounding communities at a public workshop from 6-8 p.m., Tuesday, Sept. 1, at Normandy Middle School, 7855 Natural Bridge Rd., Normandy, MO 63121 and at another, identical workshop from 6-8 p.m., Wednesday, Sept. 2, at Hazelwood West Middle School, 12834 Missouri Bottom Rd., Hazelwood MO 63042. The same information will be presented at each session, including: assumptions and results of a draft long-term aviation-demand forecast; noise exposure contours showing existing noise impacts and those projected for the year 2015; an inventory of the existing facilities and future facility requirements for general aviation and cargo operations at Lambert; an assessment of the existing airfield's ability to meet current and future demand; and opportunities at, and constraints of, the current terminal. The public is invited to attend anytime during the workshop hours to talk with experts in informal small-group and one-on-one discussions. The sessions are part of the Airport's ongoing Master Plan and Noise Compatibility Studies begun last year. More information: [www.flystl.com/lambertstudies](http://www.flystl.com/lambertstudies) or (314) 551-5006.

Please note that this form is pre-addressed on the reverse side if you wish to fold and mail this sheet with your comments.

we live on Winchester Blvd, Pasadena Hills. We are residents of 6 years - in the last 30+ days airlines (large SW/AA/etc have started landing in a pattern that flies over our house - often closer to the street (winchester) they are low & loud in their approach.

our concern was that a new runway was opened or utilized as this has increased greatly - multiple planes - some 5-10 minutes apart a times
