LEGEND

. Numbers shown in red are a penetration to the respective surface.

3. Items identified as "airs pace study/removal" or "To Be Studied" are

objects which penetrate airspace surfaces and may require an OE/AAA

rspace case to further assess potential mitigation actions. In lieu of further airspace study conclusions (e.g. marking and lighting or vegetation

. Negative numbers shown are below the respective surface.

trimming), the identified objects are planned to be removed
