LEGEND 1. Numbers shown in red are a penetration to the respective surface. 2. Negative numbers shown are below the respective surface. 3. Items identified as "airspace study/removal" or "To Be Studied" are objects which penetrate airspace surfaces and may require an OE/AAA irspace case to further assess potential mitigation actions. In lieu of further airspace study conclusions (e.g. marking and lighting or vegetation

trimming), the identified objects are planned to be removed
